🌐 <https://softeng.polito.it/coppola>

Schedule

- Monday 16.00 – 19.00
 - ◆ Room **12** (and 6I and 21A)
- Friday 10.00 – 11.30
 - ◆ Room **R1** (and others TBA)
- NO LABs: you will work in the class or at home with your own devices

Course Organization

- Theory + Practice
 - ◆ Roughly 30% + 70%
 - ◆ A few theory presentations then application in practice (workshops)
- Team project work (mandatory)
 - ◆ Teams of ~5/7 people
 - One person as contact point but shared responsibility
 - Defined in 1st week based on questionnaire

Workshops

- Practice oriented activities
- Goal is to let you practice key activities and receive instructors' feedback
- Teams will work in the classroom and receive in presence feedback

Demos

- Goal is to showcase the product features implemented so far
- Development team + stakeholders
- Team pairs will interact in the classroom

Retrospectives

- Goal is to reflect and discuss what did work and what didn't
- Development team interacts with instructors

Plan

Week	Description - CONFIRMED
1	Mon 21-Sep Intro to course and Scrum overview
	Fri 25-Sep W1 - User stories
2	Mon 28-Sep W2 - Estimation
	Fri 02-Oct YouTrack + followup Estimation
3	Mon 05-Oct W3 - Planning + You Track
	Fri 09-Oct W4 - Daily scrum
4	Mon 12-Oct W5 - Review
	Fri 16-Oct Retrospective preparation and boards check
5	Mon 19-Oct W6 - Retrospective
	Fri 23-Oct Project presentation and user stories
6	Mon 26-Oct W7 Free Software
	Fri 30-Oct Project support
7	Mon 02-Nov Project support
	Fri 06-Nov Demo 1
8	Mon 09-Nov Retrospective 1
	Fri 13-Nov No lecture or project support
9	Mon 16-Nov W8 - Technical Debt + Sonar Qube
	Fri 20-Nov Demo 2
10	Mon 23-Nov Retrospective 2
	Fri 27-Nov SEMINAR
11	Mon 30-Nov Agile Contracts
	Fri 04-Dec Demo 3
12	Mon 07-Dec Retrospective 3
	Fri 11-Dec No lecture or project support
13	Mon 14-Dec eXtreme Programming, TDD
	Fri 18-Dec Demo 4
14	Mon 21-Dec Retrospective 4
	Fri 25-Dec Vacation
	Mon 04-Jan Vacation
	Fri 08-Jan No lecture

Team Project

- Only in team
- Only in presence
- We require at least 75% presence for the practical activities in class
- Expected effort is 8 hours* of work per week per person
 - ◆ 6 CFU = 150 hours
 - Classroom = 60 hours
 - Project work = $8h \times 2w \times 5s = 76$ hours
 - Personal study = 14 hours

* a bit less in first sprint

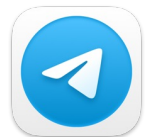

Team Formation

- Balanced based on the questionnaire

Online presence

- Portal
 - ◆ All materials

Telegram channel

- ◆ https://t.me/se2_PoliTo

@SE2_POLITO

Recording and streaming

- All *theory* lectures will be streamed using the portal Virtual Classrooms
 - ◆ Unidirectional
 - ◆ Recordings will be available
- Workshop: only intros will be streamed and recorded

Goal of the course

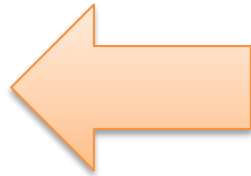

Learn how to carry on a
software project
the **agile way**

Goal of the course

- Learn how to carry on a software project the agile way
 - ◆ Team work
 - Collaboration
 - Organization
 - ◆ Feedback
 - ◆ Reflection
 - ◆ Improvement
 - ◆ Infrastructure

Agile methodologies

- Crystal
- Kanban
- Lean
- Scrum
- XP

Scrum

- Pros

- ◆ It is the most widely adopted
- ◆ There is a lot of materials
- ◆ Relatively simple

- Cons

- ◆ Often used as a buzzword
- ◆ Integralists tend to be not agile
- ◆ Hideous certification business

Exam

- Team project: 80% of final grade
 - ◆ Open source
 - ◆ Evaluating process not product
- Individual evaluation: 20% of final grade
 - ◆ Written exam
 - ◆ Participation
- Involvement: multiplicative: 0 .. 1

Team assessment

- Team coordination
 - ◆ Proper use of scrum board
 - ◆ Including proper time management
 - Improvement
 - ◆ Correct retrospective and TD reduction
 - Doneness
 - ◆ Tests
 - ◆ Releases (docker)
 - Extras
 - ◆ Bonus: commendable achievements
 - ◆ Penalty: recurring deviations from Scrum
-

Individual assessment

- Written test with 4 multiple choice questions on:
 - ◆ Theoretical knowledge
 - ◆ Understanding of agile concepts
 - Presentation
 - ◆ Speaker at Demo + Retrospective
 - Involvement
 - ◆ Interactions in class
 - ◆ Effective participation in the project
 - ◆ Teachers may require colloquium
-

FAQ

- Shall we get a Scrum certification?
- What if I cannot attend in presence at least 75% of practical activities?
